Cloud Adoption & Hosting

Real Estate Investment Trust Cloud Migration & Hosting

iVedha created an infrastructure that allowed a Real Estate Investment Trust company to be transformed. They needed an infrastructure that allowed them the freedom to connect from anywhere with security and reliability in mind.

Value: Business agility & OPEX-based pricing, hand-in-hand with Secure infrastructure and a top-notch Hybrid cloud strategy - AWS & Cloud Stack.

Public Sector Secure Private Cloud

iVedha provided a highly-secured private cloud for the government's low-risk applications as well as a self-serve cloud platform dedicated to the work of government employees.

Value: The private cloud environment provides Infrastructure-as-a-Service and has the ability to scale as the capacity grows.

HIGHLIGHTS:

Provided self-service portal for Multi-cloud IAAS managment	Scored an A+ security testing & penetration from the GOV. INFOSEC team	**6 YEARS+** The number of years in service	Maintained service level agreement YOY

Mutual Group of Insurance Companies Cloud Migration & Hosting

iVedha provided a fully managed end-to-end service delivery partnership with MCCG. This enabled them to assist their mutual group of insurance companies with their cloud adoption.

Value: Successful migration of all of the customer's workload to our private cloud hosting environment where we provide fully-managed cloud services.

HIGHLIGHTS:

4 WEEKS Average time for complete migration/build-out & cutover	Pandemic-proof solution-remote connectivity	**MINUTES** Faster cloud infrastructure provisioning time	OPEX based solution to reduce CAPEX cost

iVedha, a NextGen software-powered global professional services and managed hybrid cloud services provider, backed by more than two decades of experience as the professional services partner of choice for several businesses, we empower them on their digital transformation journey at different levels through disruptive technologies in helping them Connect, Manage, Secure, and even Monetize their data.
